Introduction

About Coruzant

About Us

Coruzant Technologies is a verified U.S. digital publication that has a successful podcast show with over 1,100 episodes featuring top Silicon Valley CEOs, Celebrities, Influencers, and Entrepreneurs. Coruzant was founded by Brian E. Thomas, a technology executive that became an influencer in three industry verticals.

Our Mission

Our mission is to serve professionals, agencies and their clients, not corporations or big media. We aim to contribute to helping a world that serves people, not a global or political agenda. We are unique because we leverage the same emerging technology that our clients and guests develop and use.

Our Vision

Our vision is to produce the highest quality publication focused on bringing maximum positive exposure to emerging technology and those that develop, implement, and manage those technologies.
